

What Have We Done For Whitley County Lately?

Wood-Land-Lakes RC&D has made a significant difference in helping local volunteers solve local natural resource problems. We have partnered with regional groups, community-based groups, watershed groups, state, and federal groups to make a positive impact regarding local natural resources. Some of the projects and activities we have undertaken in the past year include:

2007 Projects

- Protecting 6 farms & woods, for a total of 830 acres of land, with a conservation easement.
- Serving as financial administrator for historic round barn restoration.
- Serving on advisory board of local group promoting water quality management.
- Promoting & educating consumers about the benefits of purchasing locally produced food & farm products.
- Promoting program encouraging landowners to plant a row of produce to donate to local food pantries.
- Serving on steering committee & financial administration for closing local landfill.
- Promoting program encouraging hunters & meat processors to donate game to a local food bank.
